Welcome!

Recycle Florida Today (RFT) and the Solid Waste Association of North America (SWANA) Florida Sunshine Chapter welcome you to Lake Buena Vista and our 2018 Joint Summit. We're glad that you're here!

Our theme for this event is “Be bold. Be brilliant. Be better.” referring not only to the two hosting associations, but also for your growth and benefit both personally and professionally. This year we welcome more than 175 attendees from the public and private sectors, non-profit groups, regulatory agencies and academia, young professionals and retirees—all with a wealth of information to share.

We have an exciting program planned over the next two days with opportunities to learn from and network with some of the best and brightest solid waste and recycling professionals in the industry. Remember to take advantage of the numerous educational and networking sessions offered and visit our exhibit hall for information on technologies and services that may be of value to you. As we strive to make our meetings better each year, please take time to fill out the conference evaluation and let us know how you enjoyed the content and format so we can plan the best possible events for you in the future.

Thank you to everyone who helped to make this event such a success including our planning committee, attendees, speakers, exhibitors and sponsors. We hope that you enjoy your time with us.

Sincerely,

Patti Hammond, RFT Chair

Tammy Hayes, SWANA FL President
